Welcome!

We are excited to have you all for this 2026-2027 school year. Parents please read your Parent Handbook. There are important guidelines, such as indoor slippers, lunch food requirements, snacks, birthday policy, the discipline statement and much more are noted.

Our Outdoor Enrichment day will be on Mondays between 9:30AM to 11:30AM. Every child is required to participate, so please dress your child appropriately with rain coats, layering sweaters, rain boots and gloves.

We will begin September with penguins, parts of the pepper and South Africa for geography. We will have sharing on Tuesdays for 2-3 year olds and Wednesdays for 4-5 year olds. If your child forgets they will be able to share on Fridays. Important Note: All sharing should start with the sound of the week or a unit of study for the month. Please try to refrain from bringing toys unless they go with these weekly/monthly themes.

Please introduce yourselves to my new assistant from Peru. Her name is Isabel Candamo, she will be speaking Spanish to the children. We are excited to have her!

I look forward to working with all of you! Lets make it a great year!

Notes from the Art Corner:

So good to be back! I had an epic summer full of surfing, mountain biking, hiking, teaching my oldest to drive a car (!), and generally avoiding our house which is undergoing a remodel. I hope your summer was full of fun, too.

We're going to settle into our new year learning how to prepare our space for art class, take care of our materials, and clean up when we're finished. We'll introduce/remember our primary colors and the color wheel. We'll read the book "Why is Blue Dog Blue" and talk about how art lets us stretch our imaginations.

Looking forward to an awesome year ahead!

Ms. Farber
